

Give green. Shop local.

Grow our economy. Shrink our footprint.

This list was compiled by members of the Davis Climate Action Team and concerned citizens who want to live more responsibly. We have created a list of suggestions for a greener holiday celebration. The following ideas are just to get you started. Get two for one this holiday season. Give a gift to your loved ones that's also a gift to the planet.

Shop local.

What a relief not to face traffic and crowds in unfamiliar shopping malls. Limit yourself to friendly Davis and Yolo County for your gift shopping this year. Reduce stress, lower your carbon footprint and help the local economy.

Give a gift from downtown Davis: www.DavisDowntown.com

Give a gift from Yolo County: www.yolocvb.org/

Re-gift from All Things Right and Relevant: www.rrconsignments.org

Find local resources at DavisWiki: www.daviswiki.org

Find local businesses at Davis Chamber of Commerce:
<http://www.davischamber.com/>

Give the gift of sustainable living.

Many folks appreciate a practical gift that also helps Mother Earth. Why not go the next step—shop locally and buy products that save energy and promote healthy living?

Energy Efficiency.

Give the gift of a light bulb - compact fluorescent lights (*with the potential energy savings of 75%*)

Give a gift of LED holiday lights with timers (*save up to 25% in electricity costs*)

Give a gift of Smart' power strips (*Reducing "phantom load" saves 10% or more of home electricity consumption*)\

Give a torchiere light (*can now be purchased with CFL bulbs*)

Give a gift of occupancy sensors (*sensor turns on light with motion and turns light off after set number of minutes*)

<http://www.davisace.com> ; http://daviswiki.org/Hibbert_Lumber

Give a book on energy efficiency: <http://www.avidreaderbooks.com> ; <http://www.borders.com/>

Give an I-phone solar charger

Give a solar cooker <http://www.solarcookers.org/>

Give green cleaning products

Give a clothesline and clothes pins or a drying rack

Give the gift of a cooler home and save water by planting a tree, building a trellis, growing drought-tolerant plants, or installing awnings:

<http://redwoodbarn.com/>

Give an electric, push or reel lawn mower:

<http://www.jbspower.com/about.htm>

Give a gift of duct sealing or insulation

Give a gift of natural light with installation of a solar tubular skylight

(<http://www.solatube.com/>;

<http://www.getsolarise.com/gallery1.htm?gclid=CLv-->

[dvZjZ4CFRQpawodEFbptg;](http://energy.sourceguides.com/businesses/byP/light/TubularSkylights/byN/byNameN.shtml)
[http://energy.sourceguides.com/businesses/byP/light/TubularSkylights/byN/byNameN.shtml;](http://energy.sourceguides.com/businesses/byP/light/TubularSkylights/byN/byNameN.shtml)
<http://www.solutionsforlighting.com/certifications/california-pier/>

Give a gift of a composter, rain barrel or worm bin

Or if you want to give a bigger ticket item,,: energy efficient water heaters, windows, solar thermal, solar photovoltaic, whole house fan, energy star appliances, computers and tvs (*Check for rebates at www.pge.com/rebates/)*

To get more ideas from the City of Davis/ Valley Climate Action Center 2009 Energy Efficiency Forum: experts from UC Davis, Davis Energy Group , Verve Solar and the City of Davis identify energy efficiency actions you can take at home.
