One with the World by Laura Sandage
Who am I? **I am** one with the Earth
And all that **I have** and **I am** as a person
Comes from the Earth, shall return to the Earth
There is no world apart from this one
There is no life for me apart from this Earth

Our distinguished Community Discussion Leaders!

Rev. Chris Neufeld-Erdman, pastor of Davis Community Church, is deeply concerned about the urgency of climate change and our need to address the moral crises.

Lorenzo Kristov has worked on distribution edge issues to advance the transition to community-based energy systems to foster resilient 21st century communities, for the well being of the children who will inherit the results of our actions.

Itzel, our first speaker, is passionate about caring for this earth. Her own coastal town is in danger from sea level rise and climate change. She joined Al Gore's Climate Reality Leadership Corps as a Climate Leader. She has spoken to more than 4,000 people to raise awareness about climate change, empowering audiences to reduce CO₂ emissions and conserve forests.
