

GIG **CAR**
SHARE

POWERED BY

“DEVA advocates for electric vehicle adoption and supports the development of EV infrastructure regionally. DEVA is a special kind of car club made up of electric vehicle owners, prospective owners, and enthusiasts from the Davis and Sacramento area. DEVA is a working group of Cool Davis and an affiliated sub-group of the Sacramento Electric Vehicle Association (SacEV), a chapter of the national non-profit Electric Auto Association.”

Agenda

1. Green City Initiative - "Sac to Zero"
2. What is GIG Car Share?
3. Covid - Essential Trips, Extra Cleaning
4. Discussion

FLEXIBLE

Convenient

- One-way or roundtrip with fuel, insurance, and parking included
- No sign-up or membership fees
- Easy parking in Gig HomeZones, dedicated parking at 7 BART stations and Oakland airport

Efficient

- Employees save time commuting and traveling
- First and last mile solution with public transport
- Trip reporting for tracking

RELIABLE

Safe

- 24/7 Member Support and roadside assistance
- Our fleet offers the latest technology, like auto-braking and lane assist
- Flexibility of employee commuting after dark and in bad weather

Trusted

- Powered by AAA, trusted brand in service and safety

SUSTAINABLE

Greener, Cleaner

- Environmentally friendly low- and zero-emission vehicles: hybrid fleet in the Bay Area and electric fleet in Sacramento
- Every one-way car share vehicle removes up to 11 vehicles from the road and cuts up to 7 metric tons of greenhouse gas emissions per year*
- Supports company sustainability goals

The health and safety of our Gig Community

The health and safety of our Gig Community

Updated 3/23/2020

We appreciate our Gig Community and recognize our part in keeping our Members healthy and safe. In light of the novel coronavirus (COVID-19), we wanted to let you know of the enhanced safety measures we've taken.

- **We've doubled the frequency of cleaning each Gig.** We're paying special attention to frequently touched areas, including steering wheels, door handles, shifters, and controls.
- **We've chosen a green, effective cleaning solution.** Our primary cleaning technique is steam-cleaning. The process is highly effective at disinfecting surfaces, including hard-to-reach areas, without the use of chemicals or unnecessary amounts of water.
- **We're putting hand sanitizer in all Gigs.** We're stocking every Gig with hand sanitizer while supplies last. We're all a part of this sharing community, and we ask you to please leave the bottle behind for the next Member.
- **We're monitoring the situation.** We're closely following recommendations and updates from the CDC (Centers for Disease Control and Prevention) and WHO (the World Health Organization), along with guidance from government and public health agencies.
